

CHINESE LANGUAGE COURSE IN ZUERICH/SWITZERLAND

For one and a half year I am attending a Chinese course in Zuerich. Miss Debby Germann-Yang who directs the school is also our teacher. She is a very talented young lady with outstanding teaching methods. She works with designs on blackboards, messages with I-Phone and I-Pads, she uses personal computers to strengthen our listening/reading comprehension, she makes games and provokes discussions in Chinese. A very alive and animated teaching. This is the best Chinese Course I attended in the last years.
